“Allene Sultemeier was a caring individual who loved her children with every fiber of her being. Having taught high school in the Corona School district during the lives of her older children, I saw her on many occasions at school functions and sporting events. She supported each of her children's endeavors, always encouraging them to be their best.

To the Family, please know that my thoughts and prayers are with you during this time.

“Allene came to see us every Thursday for the past several years to get her hair and nails done at our salon in Albuquerque and I can honestly tell you she did as much for me and my staff as we did for her. She was always asking about our families and shared our joys and sorrows as if they were her own. We kept up on her family and all their accomplishments over the years and want you to know how proud of all of you she was. She was fiercely independent and it showed in the fact that after her beloved Ernie passed away she stayed in Albuquerque and never slowed down. She never dwelled on the negative and always had a smile for us. We will miss her and her never ending supply of holiday sweaters. She has touched our lives and we are better for having known her
