“ *The more enriched a person makes our lives, the harder it is for us to let them go. Carol enriched all of our lives with her generosity and laughter during the years we lived next door to the Teeter family. Our thoughts and prayers are with all of you at this time.*

“ I remember the days of a while ago when she watched the rest of us and we would let her know that she wasn't our mother nor our boss, but she was and did a good job. She was a great help for mom in riding heard over us. I didn't realize she was that much older than me. She and i could really cut a rug together at the moose or in our living room. I'll miss her special laugh. I hear it as i write this.

God rest her soul
