“ The meetings of the Air Patrol were interesting, especially when Ellen would bring the "glog". Those were the days my friend..... I had planned to attend the service, but I must decline as I am "under the weather" with prescription, inhaler and throat drops. Perhaps I could use some "glog". As the 23rd Psalm says in part: "...though I walk through the valley of the shadow of death..." Through the valley is leaving one side and arriving at the other. It is leaving this world and going to that place "not made by hands, but eternal in the Heavens". May God bless you!
