“ Fred was my first mentor when I entered the HVAC industry and had a wealth of knowledge he was always more than willing to share. I learned so much from him and will always be grateful for his patience and caring. Jeff, thanks so much for bringing your Dad to see me...it was such a pleasant surprise. I know he loved all his kids very much and was so proud of all of you. I was blessed to have had this wonderful man in my life. May God bless you.

“ My mother, Donna Londene, passed away unexpectedly on February 1st and while going through family photos for her Celebration of Life I came across pictures of your father. We had not been in touch for many years but I can still recall his laugh and smile.

“ It's certainly sad to lose your dad---it leaves a gap in our lives, but when you have a great dad what always comes to mind are the great things he gave/taught/ shared/showed us---more than any gap we may now feel. Fred was (is) highly regarded in the industry for his knowledge and skill with heating equipment and was more than generous in sharing his expertise, thanks Fred! Peace be with you Linda, Jeff, & Doug.
