“Helen was very very dear to me. Upon graduation, I went to work for GAO. It was the early 80's and we working at an audit site at the Department of Transportation. My desk was right next to Helen as we were both secretaries. She took me "under her wing" and helped develop me. She truly was an amazing secretary and mentor to me for many years. She was very professional and I looked up to her. She was the fastest typist and was amazing in shorthand! Everyone at worked thought highly of her.

Over the years we would stay in touch through visits, calls and Christmas cards. I can't quite explain the relationship we had, but it was special. Out of all the people I knew from those days, she was the only one I stayed in contact with.

This morning I couldn't get Helen off my mind.... I decided to google her name in Falls Church where I had visited her. I found out just moments ago that she passed away just days ago. I miss her already but so grateful I crossed paths with her so many years ago. I loved this lady and will never forget her!!

I wish the deepest sympathy to her daughters and family. I wanted you to know how highly I thought of your mother.

“ To Nancy and Sharon I want to tell you a story concerning your Mother. When I was in High School one of Helen's Teachers Walter Morrison one day ask me, was Helen Stephens any relation to you? I answered yes Mr. Morrison she is my sister. Well he told me your sister was the fastest typist I ever taught. To this day no student has ever equaled her speed and accuracy. He knew she left Greenville upon graduating. I then told him yes she had a job waiting for her in Washington Dc. I have never seen a person any more pleased than he was. Helen was always special to me he stated. I will now tell you the rest of the story. You see my Sister was twenty years older than I, and Walter was near retirement. I certainly cherish the memories of Helen Ray and you young ladies when you used come home on vacation to the little farm here in Greenville, OH.
