“ Jack was a gentle man, friend, and willing teacher of golf. My first encounter with golf introduced me to a kind, patient and wise man. He taught me and others. Not to take things too seriously, especially golf. After a poor shot by me or him he would say, that is why we won't be going on tour, so just have fun. Few new the depth of Jack's lifer experience in law enforcement. He made lives safer but never talked about it.

*His face would always break out in a smile when he talked about his love for Betty and how lucky he was to have her. The good Lord blessed me with Betty. Rest in peace Jack.*

*You will be missed. Thanks for the friendship!*

“ I will miss Jack at our annual Telephone Museum Christmas breakfast. He always showed me the watch I gave him as a gift many years ago. He smiled when he showed it to me and he always wore it everywhere. He was proud to be a part of the Telephone Museum group. We will miss him and think of him all the time. My sincere condolences to Betty and her family for the love and care they gave to Jack.
