“ *Very sorry to learn of Jack's passing. I appreciated greatly his helping me with the Shields family genealogy. One or two of my questions always opened up a treasure trove of his knowledge. I will miss him.*

“ Dear Margery and family,
Around 1983 I met Jack at Rotary and within a short time he convinced me to upgrade my ham license. He became my "Elmer" and helped me evaluate my antenna systems. He promoted the Rotary Ham Club, ROAR. We lost touch for 20 some years but then I heard KF5BD on the radio.

I enjoyed conversations about his family and his business experience . He was very interested in my technical aspects of Ham radio. He figured out how to get his system working in his current location. I remember how happy he was that he was able to get on 75 meters with his amp. Jack is a problem solver.

He admirably lived with his health challenges with a smile.

Jack shared his Alaska driving experience in way I thought I was along with him. He was a good friend. I cherish our visits. Tnx Jack. God bless Jack and all of you.

“ KF5BD/SK, and called himself in jest "Belly Dancer": Jack was just so upbeat on the Radio and that inspires us all to enjoy life in the fullest. I never had an eyeball QSO with jack, but felt like I knew him and my cheerful conversations with him. Rest in peace Jack, 73s.

“ So sorry to hear about Jack's passing. Guess we expected him to live forever! So many memories -- camping next to you in Cloudcroft, sharing many dinners at the Albuquerque Hamfests, listening to the wonderful stories, talking to him while we were on the road in our RV going to many of the same places you had traveled to. Margery and family, you are all in our special thoughts and prayers. Richard & Charlotte Johnson, Las Cruces.

Jack was a huge help with our family geneology...he shared many stories and research related to the Shoup Family! Thank you, Jack! I will always treasure the time you and Margery travelled to Missouri several years ago for a visit with your cousin, Emma June, and I am sure you knew how much your visit meant to her. RIP Jack!
