

## Jeanene Lawson

July 22, 2014

Jeanene Lawson went to be with her Lord on July 22, 2014. She was born July 7, 1937 in Chappell, NE, to William James and Edna Mae Crum Gibson. She attended Cheyenne High School and graduated in 1956. She is survived by daughters Sheryl Weed of Albuquerque and Brenda Lawson of Denver, by son Terry Lawson of McKinney, TX, husband Arnold Dale Lawson of Albuquerque, 5 grandchildren, 1 great granddaughter, and brother James Gibson of Denver.

Jeanene and Dale had been married 51 years. Jeanene loved teaching children in special ed preschool and received great joy in seeing them learn and do their best. She taught Children's Bible Study and Vacation Bible School for about 30 years. Jeanene was a loving mother who taught her children about the Lord. She was an active listener, gave unselfishly to others, and was an accomplished seamstress making clothes for her children and toys. One example is the gift boxes containing soap, crackers, and other items that she donated to the underprivileged in the community. Dale says, "The real truth on Jeanene's kindness and love is the way that her children turned out. " In the last 12 years, she traveled to Denver to visit and help take care of her mother who had Alzheimer's. She was an avid genealogist being a member of the Albuquerque Genealogical society and the Daughters of the American Revolution. She frequently helped other genealogists in their search of ancestors and self-published a book about her father, William James Gibson. She will be greatly missed.

DC

“ Dale and family Jeanene was a special person. I will miss our conversations about all of the interesting ancestors she was able to locate. You could tell she loved genealogy because she always had a sparkle in her eyes when she talked about it. I will miss her very much.

*Jeanene blessed us with a visit to our motel in Littleton, Colo a year ago when we attended our granddaughter's wedding in the area. She sat with us for 2 hours and shared the records of the Crum family which she had researched over the years. We have an invaluable memory of her, taking that time to share her knowledge and heart with us. It let us know her in a special way. She was a gifted lady.*
