“ *My friend, Pam, and I cleaned for Julia for at least 3 years...probably longer. She was always happy to see us and always said how happy she was to have the house clean. She would talk about the birds on the balcony, her day trips, shopping excursions and whatever was going on in her life. And she ALWAYS asked about us...and how we were doing...and about our families. She was a classy, lovely lady and we will miss her dearly.*

“ I spent four years driving Julia. My favorite memory was going to her "camp" and she loved being there. Julia was an inspiration to all who knew her.
She has been and always will be in my thoughts. Rest in peace Julia...Debra

“ Julia and I were very close friends. I was her driver for several years; I saw her two-three times a week, when she was well. Every time I saw her I learned something, about myself and the world. She was an amazing woman. The best way I can describe Julia, She was the mother I never had. And the grandmother I miss. I will cherish my memories with her and miss her terribly. I love you Julia.

“ *Julia is my aunt. My favorite memory of her: when I was very young, Karen and I went over to her house, and she took us on a walk up the hill. When we stopped for a rest, I sat on a cactus... She took me back down the hill, me weeping, and pulled the stickers out of my behind, and told me we'd go back up there and find the cactus and name it "The Cactus of the Wendy." We did. At least we found a cactus and put a circle of rocks around it and named it. I love that memory because it was just how she was with us--a really good aunt.*
