“ *My name is Chris Sais, I remember the first time I met Louie, it was at Robert Miera's house, I was 16, it was 1992 an early spring morning, he pulled up in this VW Jetta, I think it was silver...anyway he had that thing in kandy oriental blue by the end of the day....I was so impressed by his passion for his work...he had a big influence on me wanting to paint and be as good as him....today I paint Jets for Eclipse Aerospace....Thank you Louie for sharing your life with me and others you will be missed... I pray that God bless Louie's family and that He would plant His hedge of protection around them...may the peace of God be with all of you..in Jesus mighty name Amen!*
