“ I am so sorry to hear that Dr. Scialla has passed. He was my Doctor for several years, and fixed my son's broken arm. My son had broken his arm, and I had taken him to another doctor. We sat a waited for about and hour and a half. I told my son, "Let's go and see Dr. Scialla. We walked in and an hour later my son walked out with a cast on his arm. I will not soon forget Dr. Scialla, and I know that he is in a much better place. I wish his family peace. Al Leyba

“ I have known Dr. and Mrs. Scialla most of my life. He fixed many of my broken bones when I was young! He also gave me a job in his office when I was in High School, and I worked there until he retired. I have many, many fond memories of those days. He was such a caring and generous man, and I am deeply saddened by his passing.
