“ *I consider myself lucky to have had the opportunity to work with Michael at Sandia.*

I will always remember him as a clever and creative problem-solver, a friendly and considerate co-worker, a cheerful and charming colleague, and a kind-hearted and quick-witted teammate.

Most of all, I will never forget his mischievous grin and playful sense of humor. Every time I think of him I can't help but smile.

He has been and will be sorely missed.

“ I remember my little brother as a playful, brave, smart and friendly little boy. Wherever we moved, he always made new friends easily. He did not have to study very much as he had a photographic memory. He slept in his high school math class and made an A on the tests his teacher told our mother. He was a little daredevil sometimes and was accident prone. He fell on his head three times and had to have stitches and got bite by a dog on his face when he was very young.

Whatever he wanted to do he excelled at. When he took accordion lessons in Germany, he did well. When he took classical guitar lessons he won a ribbon in a contest. He was very good at Math and Music. When he took Karate lessons, he was small, but feisty and won contests there too.

Since we traveled a lot with the Army transfers, we always had each other to play with.

We were close until we were teenagers, when we had different interests. We did all of the things, kids in the fifties did like roller skating, riding a bike, playing cowboys and Indians, climbing trees, etc. He liked to tease me too, but who could stay mad at that adorable grin that he had? I know his wife and friends will miss him a lot.

When I got married and we moved away, I missed him, but I knew he would be fine at whatever he chose to do. And I am very proud of his accomplishments since then.

He will always be in my heart. Sunnie Wernig Breerwood and family, (Glen, Aaron, Craig, Aimee, Glen Paul, Chris, David and Joey.)
