“ I met Rae when she was a young women attending NMSU. We had Spanish classes together. Neither one of us was very adept at learning a new language, but we laughed alot. I always looked forward to seeing Rae. She was such a delight. We lost track of each other after college. Luckily, We met up again. At that time Rae was working at the State Employment office in Albuquerque and I was working as a Speech Language Pathologist, I met Rae's husband and their two beautiful boys. Rae asked me to work with Joseph to improve his "R" sounds. I wonder if he remembers that now. I sometimes saw Joseph at Remo and Sanita's home. I enjoyed meeting them as well as Connie. I know it has been a long time since i have seen anyone, but i wanted you to know how very sorry I am for your loss. I just recently found out Rae had passed. i lost track of Rae when she moved to Utah. I never knew she returned to Albuquerque. I so regret that I did not get to see her again. Whenever I thought of her a smile would come to my face. She had such a big Spirit With loving thoughts

“Rae and I were friends from the first grade, high school and most of our lives. i remember going to her house after school from Queen of Heaven to play in her playhouse in the back yard. i remember our moms had to see the Principle with Rae and I for making coffee in the teachers lounge. I remember in high school going to McDonalds at ten in the morning to get a cheeseburger, fries and coke. I remember one of her first cars was a Volkswagen Bug. She turned a corner (i was sitting passenger) my door flew open and i almost fell out. Rae grabbed my arm with one hand and the other was on the steering wheel. afterwards we pulled over to get over the shock and then just busted out laughing. We laughed most of the time we shared together. That's what I'll miss most is Rae's laugh. Good bye my dearest friend. Thanks for all the laughter and good times we shared. Your eternal friend, Diane Dougherty Ganzerla
