“ I knew Ruth when we worked at American Bank of Commerce in the very early 70's. I am fortunate to have her recipe for Rum Cake - hands down the best holiday cake anyone ever had! She was wonderful and I admired her so much. I worked w/her in new accounts/CD's and learned things that are still with me. I used to call her Ruthie Baby and even had a "Ruthie Baby" stamp made for her. She was kind and never had a cross word (oh, but if you paid attention you could see some fire in her eyes when some silly thing was going on). Every Christmas when making that cake I have thought of her. She was a beautiful soul and I'm glad I knew her. My condolences on losing your mom so soon after your father, but they are together once again.

“ To Sharon and Shirley and the Hurt Family- I cannot find the words to send nor can I imagine the Heartache of losing both Ruth and Lloyd. I did not know Mr Hurt but knew Ruth from the Drs office (Dr Comunas), Ruth must have died of a broken Heart, and that is how the LOVE story should end. They celebrated Christmas together in heaven, rejoice! Love and Prayers Monica Blaschke
