“ How very sad I was to hear of Scott's passing. He taught me so much in our short time together, and I will always be grateful for that gift. The girls send their love to all the family, and I wish I could be there to give you hugs. I am praying that the God of all comfort comes close to you and gives you wisdom and peace as you move through this difficult time. Much love, Sue

“ Many memories...Singing in choir in HS and EMNU. Being in the Cadinal Quints together. I remember when Scotty left to go to Baylor, I was lost because he had always been standing beside me singing Baritone. More stories. Scott was with me when I shot myself at the end of our Sophomore yr in HS. He turned the car around and got stuck in the sand way west of Oil Center. He got out and ran thru two fences to get help from a pumper we could see in the distance. After getting me to hospital he went to Mom's house and just told her I had been shot, not telling whether alive or not. Then took off. Another story...After Jewell and I married he would come over to see us in our trailer. We would have supper, play games and enjoy the evening. One evening after it had snowed he came over. In the process of coming up to the trailer he stepped in 'dog poop'. We tried to clean it off...The next morn I noticed the shoes were still on the porch. He had walked back to the dorm in the snow without them. Scotty sang at our wedding. There are many more stories I wish I had room to write about. We loved him very much and kept in touch all these years. Gonna miss him. I just thank God for the time we had together.
