“ Bill and Beth were dear, dear friends of mine 40 or 50 years ago...so important when I was growing into "adulthood". They were wonderful, caring, fun people and I will never forget them. Much love to his family from Nancy Berry

“ I remember Search and Rescue with Bill and Beth and the dog team back in the Seventies. We had a LOT of fun and did a lot of important foundation work for the SAR operations today. I will always remember it, and the Squires, with great admiration and fondness.

“ Truly saddened to hear of Bill's passing. Bill hired me in to sales for Ideal Cement in 1984. Too many memories to express and share on this post but the one common theme he carried out in our many conversations over the years was his faith in my abilities and really his pride in helping me along my career.

I knew he was battling health issues but never focused on his battle but more reflection on looking ahead.

He was a special man and will always be remembered as a mentor, friend and confidant. He was a very good person and I will miss him greatly.
